

## New beat-documentary "<u>Love Always, Carolyn</u>" invited to Chicago International Film Festival, October 6-20 2011!

They say behind every great man is a great woman. Carolyn Cassady was behind two. Wife of beatnik icon Neal Cassady and lover-muse of Jack Kerouac, Carolyn saw her life story and the memory of the men she loved hijacked by mythmakers. Love Always, Carolyn is the intimate, graceful portrait of a patient matriarch who could never escape the constant wake of her husband's epic misadventures.

Sweden based production company WG Film, behind films as BANANAS!\* (2009) and Burma VJ (2008) is delighted to be part of the film Love Always, Carolyn and the screening at Chicago IFF. The film premiered at Tribeca Film Festival in New York in May this year, followed by North American premiere at Hot Docs in Toronto, Canada. This weekend the film will be screened in competition at Nordisk Panorama Film Festival in Denmark. Preliminary screening dates at Chicago IFF will be October 16-17 2011.
